mls of 0.1M HCl to pH 7.0	6.5	mls of 0.1M HCl to pH 5.5	10.6		Pass
4. Measured non-volatile solids content (%)					
					-

PERFORMANCE TESTS

Dilution rate used for testing

5. **Cleaning Performance** ΔL

6. **Resoiling Propensity**

6a. **Carpet test** ΔL

6b. **Evaporation Residue**

6c. **Dust Adhesion Test**

7. **Colour Fastness Test**

7a. **Change of Shade** ΔE

7b. **Staining of Wool** ΔE

7c. **Staining of Cotton** ΔE

8. **Volume of Foam**

9. **Flammability**

ASSESSMENT

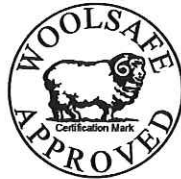

Remarks

Certification

Procyon Extreme Carpet Cleaner Concentrate meets the requirements of the WoolSafe programme and is suitable for use on wool carpets and rugs.

Investigator

Date of this evaluation 14 July 2014

The results given in this report do not give an absolute guarantee of product performance, but indicate the performance of the product in a series of laboratory tests in relation to wool carpets and are based upon current technical knowledge
